Beach City, TX 77523
(281) 573-9484

The Beach City VFD needs you!

The Beach City Volunteer Fire Dept. is now accepting applications for firefighters. There are many ways one can serve their community and helping your neighbor during their greatest time of need ranks at the top of the list. Our dedicated volunteers are committed to providing the highest level of emergency services possible to our community. Roughly 72% of firefighters in Texas are volunteer with families and careers. We are no different. We are always in need of more personnel, especially shift workers. We will provide all the training necessary for one to become a competent and safe emergency responder. The personal satisfaction and reward for this type of volunteer work is difficult to describe and worth every minute of training time.

If you or someone you know is interested, please call **281-573-9484** or stop by the fire station on any Monday night at 7 pm and visit with us.
