According to Texas law, a municipality must conduct a yearly audit. Mayor Combs has mentioned this each year at budget time and would like the City to send out a Request for Proposals for an audit to be conducted this year.

**Motion** to authorize Mayor Combs to identify an independent auditing firm and consummate a deal

**Motion:** Walker

**Second:** Colquitt

Discussion: Mayor Pro Tem Lasater questioned if the State law requires a yearly audit, then why hasn't one been done. Mayor Combs added that every year at budget time he brings up this topic and allots money for the audit. Council has not discussed this subject beyond budget meetings.

Many years ago, the City purchased the license and software for the SAFE Program to assist with the OSSF (On-Site Sewage Facilities) records. The City has not used this program in the last five years and it cannot be located in the office.

At the April 25<sup>th</sup> meeting, Council reviewed the appraisal for this property. Alderman Walker asked for this item to be tabled until this meeting, so that Council may have the opportunity to look at this property.

Alderman Walker feels that the appraised value of this property is too low and that the City has a responsibility to obtain a second appraisal.

NOTE: Mr. Lisenbee arrived at the meeting just before 6:00 P.M. He apologized for his late arrival stating that he was unaware of the change to this month's meeting start time at 5:00 P.M. **Second:** Lasater

**Approved:** 3-0

**15. Hear update on actions resulting from recommendations by the City Survey Committee**

Mayor Combs sent an email to the Comcast representative inquiring on the status of Comcast extending service to all of Beach City.

Mayor Combs and Alderman Walker met with the Baytown Post Master after the last Council meeting. Alderman Walker noted that the Post Master was very positive and

helpful. Beach City is in a rural delivery area. There are different rules for the routine city carriers and the rural delivery carriers. Our mail carrier is responsible for sorting and delivering all mail for his/her routes in Beach City.

Ultimately, all the Post Master can do is to speak to the mail carrier for our area and try to improve the situation. The substitute mail carriers are rarely the same, which makes it difficult to improve upon that aspect of our mail delivery. Mayor Combs did note that the Baytown Post Office is adding a third carrier to deliver mail in our area.

Alderman Colquitt and Assistant Secretary Bercaw met to discuss ideas for an annual City celebration. The ideas discussed were:

- a). crawfish boil
- b). a picnic in the park
- c). something in December possibly with the BCVFD, or at Christmas time.

Mayor Combs suggested holding an event in April at the time of the City's anniversary.

There was discussion on whether this would be an annual or semi-annual event.

This will be brought back when all of Council is in attendance.

#### **16. Update and discussion from the citizen's committee evaluating the need of a Sales & Use Tax for Beach City**

An email has been sent out inquiring about a meeting, possibly in July.

#### **17. Discussion and possible action on an Ordinance regulating Billboards within Beach City**

Attorney Jackson revised this ordinance today and it was forwarded to Council by Secretary Donnelly around three o'clock, this afternoon.

Alderman Colquitt noted that in Section 7 it reads: All off-premises commercial signs and billboards are prohibited permitted within the corporate limits of the city.

Secretary Donnelly will remove the word "permitted" and resubmit to Council.

There was discussion on whether or not a permit would be required with this ordinance.

This will be brought back to Council since two Aldermen are absent.

#### **18. Update and discussion on non-compliance to City ordinances regarding On-Site Sewage Facilities (OSSF's)**

Recently, the Inspector investigated a property in Bayridge for a nuisance complaint and he noticed a gray water issue.

#### **19. Report and update from Mayor Combs**

a). The streetlights have been installed at McKinney & FM 2354; Carroll & FM 2354 and Leon & McCollum Park Road.

b). Chambers County will host an Emergency Preparedness workshop at White's Park Wednesday, May 31<sup>st</sup> at 10:00 A.M.

c). City of Houston emailed an update on the CenterPoint DCRF last week.

d). Due to an apparent lightning strike Friday, there was a fire at the oil tanks located off Point Barrow Road. Most residents in that immediate area were evacuated. There is a question as to why the Point Barrow on the Bay residents were not evacuated; this is being reviewed. Commissioner Senac opened the Beach City Community building at 04:00 for

approximately 30 residents. There were ten different fire departments who responded to the fire to assist the BCVFD. The residents were allowed to return home at approximately 07:00. The fire kicked back up around 07:30 and was completely extinguished around 12:00 P.M.
